Location: Jinnan District, Tianjin, China
Email: rl5083@nyu.edu | Mobile: +86-15942643201

Education

New York University — Brooklyn, New York City, Unitied States
Master in Computer Science — *Sep 2023 – Exp. May 2025*

Tianjin University — Jinnan District, Tianjin, China
Bachelor in Computer Science | ***GPA: 3.66/4.0*** — *Sep 2019 – Jun 2023*

- **Dissertation:** Research on Dynamic Normalization in Vision Transformer
- **Relevant Coursework:** Data Structure, Artificial Intelligence, Neural Network and Deep Learning

University Oxford
Exchange Program of Artificial Intelligence — *Jan 2022 – Mar 2022*

- **Program:** Research on cosmetics industry based on TensorFlow

Technical Skills

Programming : Python, C, C++, Java, LaTeX
Languages : English, Mandarin Chinese
Frameworks : Pytorch, TensorFlow, NumPy, Pandas, Matplotlib
Dev Tools : Visual Studio Code, PyCharm, IntelliJ, Git, Linux

Projects

Dynamic Token Normalization in Vision Transformer — *Mar 2023 – Jun 2023*

- Implemented a dynamic token normalization (**DTN**) in Vision Transformer using Python
- Designed a **dynamic learnable parameter** which can enable DTN to use LN and IN simultaneously in the same calculation formula
- Improved Top-1 accuracy on CIFAR-10 by **1.08%** and CIFAR-100 by **2.46%**

Graphic classification based on ResNet — *Sep 2022 – Nov 2022*

- Implemented **lightweight ResNet-18** using Python
- Analyzed loss function, optimizer and learning rate to select the appropriate function and parameters
- Top-1 Accuracy of CIFAR-10 is above **85%**

Video Recognition based on Video-Swin-Transformer — *Aug 2021 – Aug 2022*

- Designed and improved **Video-Swin-Transformer** using Python
- Replaced the two-layer feedforward neural network of MLP with **dimension transformation and matrix multiplication**

Work & Leadership

Minister of Social Practice Dept., Student Association Committee — *Sep. 2020 – Jun. 2021*

- Carried out social practice evaluation work of 2020 Summer and Winter and 2021 Summer
- A total of more than 2,000 students and teachers participated in the social practice evaluation roadshow
- A total of 6 practice teams have won the School-Level practice team honors, 2 City-Level honors, and 1 National Top-100 practice team

Awards

Merit Student of Tianjin University — *Dec 2022*
1st Prize in China Undergraduate Mathematical Contest in Modeling at Tianjin Area — *Oct 2021*
Merit Student of Tianjin University — *Dec 2020*
Outstanding Social Practice Team by Tianjin University — *Aug 2020*
